

FINDING YOUR WHY:

Why does your church exist? For what purpose did God create it? We spend much time on the "What" and "How" of church ministry without truly understanding the "Why" that drives how ministry decisions are made. When we understand our "Why," we can find clarity and passion, focus our resources in newfound ways and become unified as we do life and mission on purpose. Finding your Why is an experience designed to help churches discover and develop their missional identity. This workshop is 5-6 hours long, making it perfect for a Saturday event.

To schedule this experience for your church, contact your Conference Vitality Leader, or Start and Strengthen Churches.
