# CWRD UPDATE

FALL 2022

## Covenant Response to Ukraine

In February 2022 the world watched in shock as Russia invaded Ukraine. Through our international partners, Covenant World Relief and Development was able to respond quickly to the needs of the Ukrainian people, millions of whom have fled for refuge throughout Europe. This crisis has touched the hearts of Covenanters, enabling CWRD to partner in the provision of medical assistance, trauma care, food, and lodging to Ukrainian refugees in Moldova, Poland, Romania, and Slovakia. In June, CWRD partner Hope International Ministries led a trip to Poland and Romania to visit the refugee ministry there. We met a Ukrainian couple in Cluj, Romania, who had fled from Ukraine when the shelling in Kyiv hit just outside of their home. Dennis and Galina were sheltering friends and neighbors in their basement as the war raged around them. With 30 people in the home, including 18 children, they finally decided that the families needed to evacuate. After moving all the women and children further west, Dennis remained with his mother

and father until the bombs were too close. When we met Dennis and Galina, they were living in a comfortable apartment provided by our CWRD partner. In July, their baby daughter was born in safety because of the faithfulness of God's people. The plight of more than 7 million Ukrainian refugees reminds us that more than 27 million refugees and 53 million internally displaced people have fled violence and natural disasters in recent years around the world. CWRD continues to stand with refugees from Syria, South Sudan, Central African Republic, the Democratic Republic of Congo, and Venezuela. **Please join CWRD in our ongoing work among displaced people and refugees, as well as our other relief and development projects around the world.**
