

## Program Highlights from Oct. 2020–Sept 2021 in both Gemena & Karawa

- 125 girls participated in vocational training (such as sewing and baking) and 26 girls have created small businesses
- 513 children attended after-school literacy activities
- 262 trained and functional community health workers provided health services at the household level
- 44,121 girls were enrolled in school, making up 50.9% of enrollment

Also, we equipped community leaders and families with training on healthy sanitation and hygiene practices as well as ways to construct their own household latrines and handwashing stations. With the knowledge gained from training, 6,813 families have newly constructed household latrines and over 10,600 families (more than 50,000 people) have household handwashing stations with soap and water. Praise God!

Funding for projects like these happens through sponsorship as well as by participating in Team World Vision and Global 6K invitations.

In FY21, Covenant Kids Congo powered by World Vision made possible 18 new and rehabilitated water points in Karawa and Gemena (Ledia AP), helping 4,160 people access clean water.

We join God in God's mission to see more disciples among more populations in a more caring and just world. We are committed to a global gospel—participating in God's whole mission across cultures and around the world. God's mission is nothing less than the transformation of the world and everyone in it. God has called us to join in, and our missionaries, churches, and international partners have answered the call in faithful partnership.

Hi, my name is Florence Nyanya and I am 41 years old. I have five children and serve on the local WASH committee for the water kiosk in my community in Ledia. Having clean water nearby and being on the WASH committee has afforded me many advantages I did not have before. For example, I am now a leader in my community. My neighbors trust me and know I care about our community. They also respect me because I volunteer my time to serve on the WASH committee, and they do not resist when I remind them to pay their water user fees on time. They realize that my thoroughness helps to make sure our water kiosk stays in working order.
