

# Six 6K Fundraising Tips

Asking for money can be scary. But the truth is, you are inviting people into something extraordinary: providing clean, safe water to communities. Some people will say no, but lots of people will say yes. We believe we can see the end of the clean water crisis in our lifetime, and you are helping to make that happen! So set a bold goal, knowing that every ask and every gift can make a radical difference.

1

**Donate \$50 to your own goal. When others see that you're backing your own beliefs, they'll be inspired to give too!**

2

**Copy your customized Global 6K fundraising link into a Facebook post and aim to raise \$100.**

3

**Call three family members and ask them to donate \$50 each.**

4

**Visit four businesses you frequent and ask them to donate \$50 each.**

5

**Text five friends and ask them to give \$20 each.**

6

**Make a personal ask to six co-workers or classmates to give \$25 each.**
