## APPENDIX A

Games – memory verses Shepherd and sheep

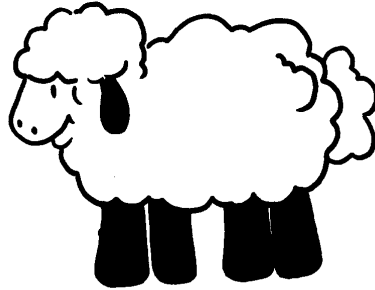

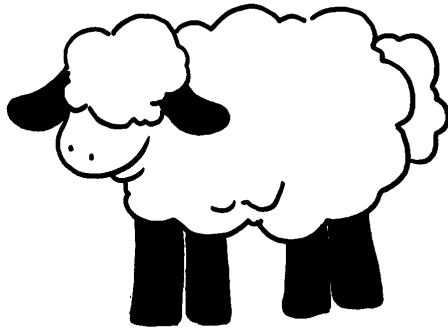

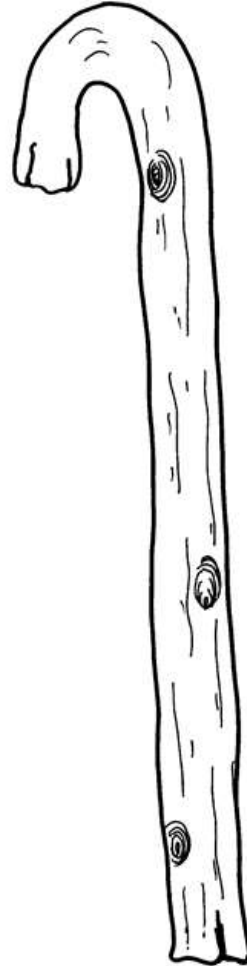

This game can be used to review verses you have memorized. On the shepherd write out the words to the verse. On the sheep write just the book of the Bible, and on the staff write the reference of the verse (chapter and verse). Make one of each figure for each verse you are going to do.

How to Play: Can you help the shepherd find his own sheep and staff? Put the verse together with the correct book of the Bible and chapter and verse number.

# Adventures with GOD!

Make one for each verse. Enter a  
chapter and verse (example 3:16)

Make one for each verse. Enter the  
name of the book on the back  
(example: John).

## Party Verses

Make two cards for each verse you want to review. Enter the Scripture reference on the top of one of the cards and the bottom of another card. On each card write only half of the verse. Make a card called SILLY MAN and another card with the game instructions. You can save the cards and instructions in a plastic sleeve transparent.

Instructions: The object of the game is to find all pairs that can be found without the SILLY MAN card.

1. Two to four persons (or teams) can play simultaneously.
2. You have to shuffle the cards and deal them all. Some of the players will have one more card than others.
3. Everyone puts on the table the complete pairs they have in their hands.
4. The person directly to the left of the dealer picks a card from the hand of the person on his or her right. If that person gets a pair with a card in his hand, he can put the pair on the table and keep taking cards from another player until that person does not get a pair. Then the person to the right continues.
5. A player can put a pair on the table only when it is his or her turn.
6. The first player who can put all his or her cards on the table wins 10 points. Each player receives 10 points for each pair you have on the table. The player with the SILLY MAN card in their hand loses 25 points. The game ends when a player has earned 100 points.
