

Adventures with GOD!

INTRODUCTION: GIFTS FROM GOD (A.3.Spring)

LESSONS FOR CHILDREN AGES 3-5

GOALS FOR THE TRIMESTER: Encourage children to foster a relationship with God. Children will come to understand that God has been communicating with humans since the creation of the world through face to face interactions, and other forms. Today, one of the ways God communicates with us is through the Bible.

MESSAGE TO THE TEACHER:

This will be a great opportunity to share some interesting and amazing stories of the characters who both spoke with God, and people who God used to speak through them. It's important for children to know the Bible has not always been as it is today.

Explain to children that the Bible was written using different languages, shapes and materials. Yet, it has always remained the Word of God, both spoken and written. We must always respect, love and obey God's words. The Bible is inspired by God - after all, God is the true Author!

Today, the Bible helps us and others to grow spiritually. Each lesson in this trimester will have illustration aids and crafts. You can use the illustrations to either fit or modify your message, and feel free to create your own crafts, too. God is pouring wisdom, love, and patience over you as you teach students God's message throughout this trimester.
