MAKE A DIFFERENCE WITH MERGE MINISTRIES

Merge Ministries has been organizing mission trips for Covenant churches around the world for more than twenty years. We take teams to more than twenty countries on four continents. Our staff is multinational, multiethnic, and experienced. Our expertise can help churches prepare and implement effective and appropriate partnerships worldwide.

CUSTOM TRIPS

Trips for churches, schools, and organizations—any size group, any age, any time of year, any length.

SEEDS

Pre-planned trips for individuals, couples, families, and small groups

FUSE

An international student leadership program for high school and college-age students

MERGE USA

Merge offers partnership trips to Covenant churches in the U.S. who are ministering in their local community.

OUR CORE VALUES

Through short-term mission trips, Merge Ministries provides Covenant churches opportunities to partner with other ministries. But we are not exclusively Covenant. We welcome other groups as partners as well.

- **Partnering**—Our objective is to develop a partnership for the duration of the mission trip, if not longer. The visiting team does not do ministry for the local church, but with them.
- **Community**—We focus on ministry outside of the local church—in the neighborhood and surrounding areas. We emphasize ministry beyond the church walls.
- **Ministry**—Our aim is to facilitate ministry that is Christ-centered and focused on the kingdom, not just a learning activity or social project.
- **Encourage**—Because ministry can often be discouraging, frustrating, and tiring, each team focuses on encouraging the local church pastoral staff, leadership, and members by joining with them as partners in ministry. In order to do this, relationships are a priority during the trip.
- **Enhance**—The visiting team members offer their skills and gifts to strengthen and support the local congregation and their ongoing involvement in community ministry. Our goal is to encourage churches and enhance what they are doing in their communities.
